

## FORM MEETS FUNCTION

As longtime clients of Colony, a co-op showroom of independent makers, it only made sense for Workshop/APD principals Matt Berman (seated) and Andrew Kotchen to collaborate with the collective on a series of five stately furniture pieces, including this upholstered lounge chair, wood dining table and wood-and-leather dining chair. With 'livable modernity' in mind, the pieces elevate the everyday. [goodcolony.com](http://goodcolony.com)
